Hi, here is an example, I go to this item:

[http://www.tonymarston.net/php-mysql/infrastructure-faq.html #faq60](http://www.tonymarston.net/php-mysql/infrastructure-faq.html#faq60)

then select the link within the text. a blank page comes up. I have found many of these. do you want me to send them on to you if I find more?
