Subject: Filter records based on user Posted by vanquishdave on Thu, 20 May 2010 22:25:36 GMT View Forum Message <> Reply to Message

Hi Tony,

I haven't looked at Radicore since 1.30ish

Is there now a way to filter records that are visible to a user based on that user?

I realize that we can just append the where statement inside of \_cm\_pre\_getdata but I was wondering if this was added the core of the system Cheers,

-Dave
