Hi All,

I'm having a slight problem with installation.

Apache/2.2.4 (Win32)  
PHP Version 5.2.1  
MySQL 5.0.22

When I go to [http://www.\\*\\*\\*\\*.co.uk/radicore](http://www.****.co.uk/radicore) I get a page with options as follows;

RADICORE demonstration system  
[View Error Log](#) [Delete Error Log](#)

-----  
[Home page](#) <- [Click here for my home page](#)

-----  
[Logon](#) <- [Click here for the logon screen](#)  
[Logon \(csxslt\)](#) <- [Click here for the logon screen \(with client-side XSL transformations\)](#)

-----  
Unfortunately when I click on a link to logon it takes me to a blank page!

The source is;  
<!DOCTYPE HTML PUBLIC "-//W3C//DTD HTML 4.0 Transitional//EN">  
<HTML><HEAD>  
<META http-equiv=Content-Type content="text/html; charset=windows-1252"></HEAD>  
<BODY></BODY></HTML>

Any ideas?

All the best

Henry
