Tony,

In the page

<http://www.tonymarston.net/php-mysql/infrastructure-faq.html>

the link to

<http://uk2.php.net/manual/en/mbstring.overload.php>

is not working. Perhaps it should be replaced with

<http://php.net/manual/en/mbstring.overload.php>

In these pages

<http://www.tonymarston.net/php-mysql/data-dictionary.html>

<http://www.tonymarston.net/php-mysql/menuguide/appendixn.htm> l

[http://www.tonymarston.net/php-mysql/model-view-controller.h tml](http://www.tonymarston.net/php-mysql/model-view-controller.html)

the link to <http://uk2.php.net/manual/en/function.include.php>

is not working and perhaps should be replaced with

<http://php.net/manual/en/function.include.php>

In the page

<http://php.net/manual/en/function.include.php>

the links to

<http://uk2.php.net/manual/en/function.strtotime.php>

[http://uk2.php.net/manual/en/function.date-default-timezone- get.php](http://uk2.php.net/manual/en/function.date-default-timezone-get.php)

are not working.

In the page

[http://www.tonymarston.net/php-mysql/php-mysql\(links\).html](http://www.tonymarston.net/php-mysql/php-mysql(links).html)

the following links don't work:

<http://www.phpwizard.net/>

<http://www.phpnoise.com/>

<http://www.phppatterns.com/>

Thanks.
