ony,

In  
URL: <http://www.tonymarston.net/php-mysql/custom-validation.html>

the WDG validator found

Errors

Line 41, character 85:

... ustom validation methods</dli>

<li><a href="#step1">Step 1</a> - Create a class with custom validation methods</dli>

</dli> should be replaced by </li>

See

<http://www.htmlhelp.com/cgi-bin/validate.cgi?url=http%3A%2F%2Fwww.tonymarston.net%2Fphp-mysql%2Fcustom-validation.html>

Thanks.
