Tony,

In  
php#reserved.variables.session  
there is a broken link to  
<http://www.php.net/manual/en/reserved.variables.php#reserved.variables.session> (line 378)  
(The page <http://www.php.net/manual/en/reserved.variables.php> is not broken but the fragment  
#reserved.variables.session is)

Perhaps it should be replaced by  
<http://php.net/manual/en/reserved.variables.session.php>

Thanks.
