Tony,

In
php#reserved.variables.session
there is a broken link to
 http://www.php.net/manual/en/reserved.variables.php#reserved .variables.session (line 378)
(The page http://www.php.net/manual/en/reserved.variables.php is not broken but the fragment
#reserved.variables.session is)

Perhaps it should be replaced by
http://php.net/manual/en/reserved.variables.session.php

Thanks.
