Tony,

In
<http://www.radicore.org/glossary.php>
there are several html errors:
* upper case tags (HREF, AREA, NAME, ALT, TITLE, COORDS),
* required attribute "id" not specified, (the validator only finds it under some circumstances, when there are other errors)
* omission of end tags

See

<http://www.htmlhelp.com/cgi-bin/validate.cgi?url=http://www.radicore.org/glossary.php&warnings=yes>
<http://validator.w3.org/check?uri=http://www.radicore.org/glossary.php>
