Tony,

In

<http://www.radicore.org/glossary.php>

there are several html errors:

- * upper case tags (HREF, AREA, NAME, ALT, TITLE, COORDS),
- * required attribute "id" not specified, (the validator only finds it under some circumstances, when there are other errors)
- * omission of end tags

See

<http://www.htmlhelp.com/cgi-bin/validate.cgi?url=http://www.radicore.org/glossary.php&warnings=yes>

<http://validator.w3.org/check?uri=http://www.radicore.org/glossary.php>
