Can you access the database using SQL Server Management Studio?

You should also try searching for this error in your search engine. You will find a lot of references such as this one - http://blog.sqlauthority.com/2009/05/21/sql-server-fix-error-provider-named-pipes-provider-error-40-could-not-open-a-connection-to-sql-server-microsoft-sql-server-error/
