What do you mean with CREATE TABLE script?

In the sql log file seems to be a correct statement:

SELECT count(*) FROM test_datum WHERE id='4' =>[S=16:04:04.68586, F=16:04:04.68612, E=0.00026]
INSERT INTO test_datum SET `id`='4', `test_datum`='' =>Count=1 [S=16:04:04.68661, F=16:04:04.68688, E=0.00026]

I changed the storage engine in phpMyAdmin from MyIsam to InnoDB without success.
