Tony,

I checked the emerald.css, emerald-narrow.css and emerald-wide.css files with The W3C CSS Validation Service (<http://jigsaw.w3.org/css-validator/>) and it complains of the following error:

Sorry! We found the following errors (1)

URI : TextArea

17 input.submit, input.button Value Error : font-size Too many values or values are not recognized : 100% px

I think it wants either 100% or 100px.

Thanks.

Tony,

I checked the styles.css file using the W3C CSS Validation Service (<http://jigsaw.w3.org/css-validator/>). It found the following error:

Sorry! We found the following

errors (1)

URI : <http://www.radicore.org/styles.css>

249 #footer Value Error : width Parse Error 100%

Warnings (1)

URI : <http://www.radicore.org/styles.css>

215 #wrapper Same color for background-color and border-right-color

Thanis.
